The Badge of Honesty

On every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superiority as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-known medical authorities as well as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all wasting diseases where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing by applying to them Dr. Pierce's All-Healing Salve. If your drug-store don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalid Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine or known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

To the Editor of the Alexandria Gazette:
Alexandria, Va. Feb. 18, 1910.

We want them to know from old experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstructed menses of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membrane, cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. WANTED TO BE STRUCK BY CAR.
"I wanted to get hurt just like sister Annie," was the pathetic declaration made by 7-year-old Josephine Fitz Morris after she had been rescued from death under the wheels of a trolley car at Treason N. J.

The child threw herself before a swiftly moving car. Had it not been for the presence of a man of the motorman who reversed the power, the little girl would have been crushed under the wheels.

Two weeks ago the little one's sister Anna, 9 years old, was run down by a trolley car in the center of the city while shopping with her mother. She saw a dog on the opposite side of the street and was struck when she attempted to cross to pet the canine. Both legs were broken and she is still in a serious condition.

Little Josephine could not understand why she was so neglected by her relatives, who soothed and sympathized with the patient. She believed it was because the trolley car struck her. Josephine was lonely. She had not been permitted to enter the room where her sister was confined.

Yesterday she determined to use strategy to receive the attentions given her sister and to be placed in the same room with her. She explained after her escape the didn't want to "get hurt too much," but was depressed when she found she was sent to bed with a whipping. The girl suffered no injury.

MURDERED AND ROBBED.
One of the most atrocious murders in the annals of the Eastern Shore of Virginia was committed Monday night or early yesterday morning, when unknown robbers broke into the store of John W. Hart, a merchant, of Poulson, Va., a small settlement three miles from Hallwood, and after beating the man into insensibility with a blunt instrument, procured his shotgun, riddled his body with shot, then dragged his prostrate form to a wood pile in the yard and almost chopped his head off. The body was found yesterday morning at 8 o'clock by neighbors, who had entered the store, and, finding everything in confusion, began a search for the missing merchant.

Hart was a bachelor and lived alone in the dwelling part of the store. He was known to have carried large sums of money on his person and kept a considerable sum about the house.

There was every evidence of a struggle in the murdered man's bedroom. The walls were bespattered with blood, and articles of furniture were strewn about and everything in disorder, indicating that the victim had tried to fight off his assailants before being overpowered and shot down. While the exact amount of booty taken by the murderers is not known, \$8,000 kept in the house by Hart is missing. There is no clue to the perpetrators of the crime.

A MISSISSIPPI ENTHUSIAST

Mrs. Lena Gresham, of Clinton, Miss., Has a Few Facts to Tell Our Readers About Cardui.

Clinton, Miss.—"Thanks to Cardui," writes Mrs. Lena Gresham, of this place, "I have been greatly relieved."

"I suffered for three years from female inflammation, and had taken medicine from four different physicians without much benefit."

"I have received more benefit from seven bottles of Cardui, than from all the physicians."

Just try Cardui. That's all we ask. It speaks for itself. It has helped so many thousands, it must be able to help you.

Trying Cardui won't hurt you. It is safe, harmless, gentle in action, and purely vegetable.

If you are weak, tired, down and out, try Cardui.

If you are sick, miserable, and suffer from womanly pains, like headache, backache, dragging feelings; pains in side, arms, legs, etc.—try Cardui.

It is the medicine for all women.

It is the tonic for you.

ELECTRICITY AS AN ANESTHETIC.

Years of investigation by noted surgeons for a perfect anesthetic, which would have no detrimental effect on the heart or any other vital organ of the patient, apparently have been at last rewarded. Electricity has come to the relief of the surgeons, and investigations going on here and abroad, which have just been made public, show that electricity is far superior to any of the drugs now used to produce analgesia. This discovery, if confirmed by future investigations, and there seems to be no reason that it will not be, is one of the greatest boons to humanity of modern times. It will mean a revolution of modern methods of surgery. Electricity when used as an anesthetic, has no bad effects on the heart. It produces a state of insensibility by acting on the nerve centers of the brain that is called "electric sleep." When the electric current is broken the influence of the anesthetic is immediately lost, and the patient becomes conscious without feeling any of the after effects common to a drug anesthetic.

You can make the holiday season more appreciated if you present some dear friend with a pair of the handsome shoes shown in Marshall's window.

SHOT BY COMPANION.

Fourteen year old Morris Eisenberg was shot and killed in New York yesterday—a victim of "cowboy" play. A playmate is believed to have accidentally fired the fatal shot. Young Eisenberg was found dead in the hallway of his home, with a bullet through his heart. It looked at first to the police as if they had a puzzling murder mystery to solve but inquiry developed that the boy, with several companions, tagged out with the paraphernalia of the legendary "Wild West," had been playing in the house in the absence of Eisenberg's sister, with whom he lived.

A revolver with which, evidently, the shooting had been done was found in one of the rooms, together with improvised swords of lath, bandana kerchiefs, gaudy and cowboy clothing. The dead lad himself wore a belt with a carving knife thrust through it.

Eisenberg's companions in the fatal sport were at once sought for. Two of them, one with a bandaged head, were seen leaving the room shortly before the lad himself staggered out and down the stairs, where he dropped dead.
